Each of the following programs can be customized to your group's needs. Mary also speaks on dream-building, developing corporate culture, goal-achieving, and spirituality in the workplace.

Into Your Genius: Unlocking the Hidden Power of the Mind

Based on the work of Napoleon Hill, Mary reveals the six faculties that the most successful entrepreneurs throughout history have used to create their results. When your audience learns these six faculties and how to apply them to their life, they will find new solutions to overcoming old problems, their challenges become smaller, they will have more drive and energy to achieve their goals, and they will learn how to eliminate self-sabotage. Most people are using only a fraction of the potential they have locked inside of themselves. This program teaches people how to tap into that potential so that life can become easier, more fulfilling, and a whole lot more fun.

Empower Your Dream: Three Keys For Achieving Results

Studies show that when employees link their purpose to their work their morale skyrockets, productivity improves, profitability increases and the workplace becomes much more enjoyable for everyone. In this fun and inspiring program, Mary teaches the ground-breaking principles behind dream-building and how to connect one's purpose with their work, resulting in better effectiveness professionally and personally.

The Thoreau Code: Your Passport To Prosperity

In 1853, Henry David Thoreau wrote an essay entitled “Walden”. Born from this essay is his famous quote, “If one advances confidently in the direction of one's dreams, and endeavors to live the life which one has imagined, one will meet with a success unexpected in common hours.” Hidden within these words is a code for prosperous living that, when understood, unlocks our ability to create tremendous results. In this insightful and thought-provoking keynote, Mary unwraps *The Thoreau Code* and gives your audience the key to amplifying their results and creating a life they love.

Standing Firm: Tools for Traversing Tough Times

Challenges in life are mandatory, but the suffering is optional. The curriculum of life is embedded with difficulties, but it is how we respond to these difficulties that determines our direction and velocity in life. Mary shares a powerful three-step process for how to turn any tough time into a triumph. This energizing program will leave your audience uplifted, inspired, and ready to overcome any difficulty they may be facing.
